SHRIMATI RENUKA CHOWDHURY:
SHRI G. G. SWELL:
SHRI ANANTRAY DEVSHANKER DAVE:
SHRI SARADA MOHANTY:
SHRI SOM PAL:

Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that since liberalisation, the Foreign Investment Promotion Board has so far cleared foreign investment proposals to the tune of Rs. 5,200 crores;

(b) if so, what is the actual inflow of capital and which are the sectors where it has flowed;

(c) whether it is also a fact that at State levels, controls are tighter and therefore fast inflow of foreign capital is hampered;

(d) if so, the details about the nature and scope of the controls of the States and Centre's attempts to relax them;

(e) how is it that China in the first half of 1993 could attract and approve foreign investment of about 58 billion dollar and actual inflow of 9 billion; and

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (SMT. KRISHNA SAHI): (a) Since the announcement of New Industrial Policy, Govt. have issued approvals, on the recommendation of the Foreign Investment Promotion Board, to proposals envisaging total foreign direct investment of Rs. 11482.39 crores upto February, 1994.

The process of simplification/rationalisation of various rules and regulations at State level is an on-going process.

(e) and (f) Apart from having a distinct geographical and political set up, China has been in the race for attracting foreign

direct investment for nearly 12 years over India which started its programme of economic liberalisation only in July, 1991 and its full impact will be discernable only a few years from now. However, economic liberalisation initiated by Govt. of India has generated considerable interest among foreign investors. The total foreign investment approved in the post policy period is Rs. 13967.66 crores till the end of February, 1994. This is nearly 11 times the total foreign investment approved in the last decade.
